**News story 1**

Aspiring Actress impersonates crying child climate activist at UN, impersonator is a sham. Screams "How dare you!" from acting class.

Estella Renee is a very talented Shakespearian actress from Australia. She can do Scandinavian accents. She can break down and cry. She can scream "How dare you!". She deserves an Academy Award not a Nobel for impersonating Heidi looking Greta Thunberg, a fictional Character before the UN yesterday, a fake climate activist, a child actor age 15 and 1/2 screaming "How dare you!" straight out of "A Streetcar named Desire! ".

Otherwise, she's a sham and a fraud! Her publicist refused to respond to our calls, but NY customs identified her as Estrella Renee, here "to see the sights" at her entry from Australia. Her adult accompaniment signed her into her hotel room as Greta Thunberg, but we confirmed she is Estelle Renee. We turned over her illegal false identity to DHS who has confirmed her dual identity, but is still investigating. They are not sure impersonation is a crime.

Yet, what a fraud!!

**News story 2**

The 350 residents of Sommarøy in the land of the midnight sun are hoping to free themselves from the tyranny of the clock by declaring the small Norwegian island the world's first time-free zone.

"All over the world, people are characterised by stress and depression," Kjell Ove Hveding, the leader of the campaign on the island, west of Tromsø and inside the Arctic circle, told the Norwegian public broadcaster NRK.

"In many cases this can be linked to the feeling of being trapped by the clock. We will be a time-free zone where everyone can live their lives to the fullest ... Our goal is to provide full flexibility, 24/7. If you want to cut the lawn at 4am, then you can do it."

The islanders, whose main sources of income are tourism and fishing, are calling for formal opening hours to be abolished and people to be allowed to "do what we want, when we want" – although children will still have to go to school, Hveding said.

Sommarøy spends November to January in darkness, but in summer residents know that when the sun rises on 18 May, it will not set again until 26 July.

"It's constant daylight," Hveding said on the campaign's Facebook page. "If you want to paint your house at 2am, it's OK. If we want to take a swim at 4am, we will."

The residents added: "Here we enjoy every minute of the midnight sun, and yes, a coffee with friends on the beach at 2am is a normal thing."
